TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Newport, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said Newport, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects, namely:

Article 1. To choose three Selectmen, a Town Clerk, and a Town Treasurer, for the year ensuing.

Art. 2. To choose a Collector of Taxes and all other necessary town officers and agents for the year ensuing.

Art. 3. To raise and appropriate such sums of money as may be necessary for the support of schools, for the payment of the town debt, and defraying the interest thereon, and for other necessary charges arising in said town, for the maintenance of the poor, for cemeteries, parks and commons, to improve the same, and for the maintenance of water works, and pass any vote relating thereto.

Art. 4. To see what sums of money the town will vote to raise and appropriate for laying out and repairing highways and sidewalks and building and repairing bridges, and pass any vote relating thereto.

Art. 5. To hear the reports of the Town Treasurer, Board of Selectmen of the town, and the reports of the Auditors, Agents, Committees, or other officers heretofore chosen or appointed, and pass any vote relating thereto.

Art. 6. To see if the town will vote to appropriate the sum of seventy-five dollars to defray the expenses of Memorial Day and pay the same over to the Quartermaster of Fred. Smyth Post, No. 10, Department of New Hampshire, G. A. R.

Art. 7. To see what sum of money the town will vote to raise and appropriate for lighting the streets of Newport village, and pass any vote relating thereto.

Art. 8. To see if the town will authorize the Selectmen to pay C. A. Moore of Rutland, Vt., \$545, and interest at three per cent. from July 1, 1901, upon the deposit of a satisfactory bond of indemnity, said \$545 being due on bond No. 375, which said Moore claims to have lost.

Art. 9. To see if the town will vote to have a Liquor Agent or Agents appointed for the ensuing year, in accordance with the provisions of our statutes, and take action thereon.

Art. 10. To see if the town will vote to raise and appropriate the sum of \$350 to raise River street, past the Knipe Shoe Shop, from Main to Laurel street, and pass any vote relating thereto.

Art. 11. To see if the town will vote to buy rubber suits for the Firemen, and raise and appropriate money for the same.

Art. 12. To see if the town will vote to instruct the Selectmen to abate the taxes in arrears, and costs, of Orrison W. Page, and pass any vote relating thereto.

Art. 13. To see what action the town will take in regard to the purchasing of Wilmarth Park, and pass any vote relating thereto.

Art. 14. To see if the town will vote to enlarge the stage in the Town Hall, as recommended by the Committee, and appropriate money for the same.

Art. 15. To see if the town will vote to purchase and lay a new hard-wood floor in the Town Hall, and appropriate money for the same.

Art. 16. To see if the town will vote to extend the electric light from the junction of Main and Oak streets to the junction of Pine and Oak streets.

Art. 17. To see what action the town will take toward purchasing a Stone Crusher and Roller, and to raise and appropriate money for the same.

Art. 18. To see if the town will vote to discontinue all private watering troughs on the line of the Newport Water Works.

Art. 19. To see if the town will vote to move the headquarters of the Fire Department into the lower part of the Central School Building, providing satisfactory arrangements can be made with the school district, and to appoint a Committee to carry any vote relating thereto into effect.

Art. 20. To see if the town will vote to appropriate the sum of one thousand dollars for the construction and maintenance of sewers, and pass any vote relating thereto.

Art. 21. To see if the town will vote to connect the sewer already laid on Sunapee street, east from Summer street, with the Gustine System, and pass any vote relating thereto.

Art. 22. To see if the town will vote to adopt Chapter 55 of the Sessions Laws of 1899, as amended at the January Session of 1901, relative to the examination of plumbers and the regulation of plumbing and house drainage.

Art. 23. To see if the town will vote to re-adopt the rules regulating plumbing and drainage of buildings, adopted by the town of Newport, March 9, 1897.

Art. 24. To see if the town will provide for an Inspector of Plumbing, and pass any vote relating thereto.

Art. 25. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 22d day of February, A. D. 1902.

In submitting this report I wish to call the attention of all voters to the present inadequate stage facilities. During the past year eight different troupes, several of them high-class companies, have been turned away because of our small stage. The result is that cheap companies are almost the only ones booked, and those of our theatre-going people who like a good play are obliged to go to a neighboring town. With the wealth and population which we possess, there

seems to be no reason sufficient to prevent our having better theatre accommodations.

Whatever action may be taken regarding enlargement, it is absolutely necessary that new scenery be provided, for the present equipment is not only beyond repair but its appearance is disgraceful.

SELECTMEN'S STATEMENT.

We herewith present to the citizens of Newport the annual report, and in connection wish to make a few brief explanations. The expenditures of the highways being somewhat in excess of last year, are due to the payment of the Kelleyville bridge of \$1,750. The contract price of this bridge was \$1,850, to be completed at a specified time, and in case it was not done at that time, there was to be a forfeiture of \$5 per day. This the contractors failed to do, and after considerable correspondence with them we at last succeeded in a satisfactory settlement which saved the town \$100. Later in the season, the bridge at Guild became unsafe and after a careful examination of the same we came to the conclusion that a steel bridge was the most economical for the town to buy, consequently one was bought of the American Bridge Co. for \$275. One of the abutments not being in proper condition for a new bridge, it was rebuilt at an expense of \$99.05, together with lumber for the same, at an expense of \$25, making the total cost to the town about \$400. The repairing of the main highways of the town has become a serious problem and one that needs much thought and care, due to the heavy traffic of lumber teams which almost daily pass over several of our thoroughfares. It seems as though it would be for the best interests of the town to adopt some more modern means for repairing certain portions of its highways.

The selectmen and treasurer, acting in accordance with a vote of the town taken at its last annual meeting, authorizing the selectmen to hire a certain amount of money to pay the 6 per cent. bonds of \$84,300, which became due July 1, 1901, and to take up the floating notes of the town to the amount of \$11,310. This was done by issuing three classes of bonds, namely: \$68,000, known as town bonds; \$20,000, known as water bonds; \$3,800, known as sewer bonds. All of these are 3 per cent bonds, which readily sold at a premium of \$2,744.85.

The expense of the sewerage system which has been put in the past season (the cost of which will show by Sewer Commissioners report) has been paid by issuing notes to the amount of \$8,000. These notes are known as "Town of Newport Sewer Notes," \$2,000 of which become due each year on or before the first day of December, bearing interest at 3 per cent. per annum.

The selectmen have settled with the tax collectors of 1899 and 1900 and only a small amount is due from the collector of 1901.

SCHOOL BOARD'S REPORT.

TO THE INHABITANTS OF NEWPORT SCHOOL DISTRICT:

In making their annual report the school board wish to remind you that the tables accompanying this report are made up only to the 1st of August, 1901, the close of the last school year. Since that time there have been several changes in our schools that must be of interest to you.

At the beginning of the spring term the school at Chandler's was closed, as there were only three, or possibly four pupils to attend, and they could be accommodated at the Kelleyville school. This school has not been resumed.

For the same reason (a lack of pupils) the school at Gould's was closed at the beginning of the fall term, and remains closed.

The school on East Mountain is very small, the whole number registered being only six, with the prospect of being less next term. If there is not some improvement in this respect, it may be thought advisable to bring the pupils from this school to the schools in the village.

The town is in duty bound to provide some way whereby every youth within its limits may obtain a good education, and the school board are reluctant to close these outlying schools that have been maintained since the early settlement of the town. But a school of four or five pupils is a comparatively lifeless affair, and very expensive, proportionately. How best to meet this exigency, is a question that needs your thoughtful attention.

The schools during the winter term have been somewhat broken by reason of sickness, especially the East primary and the schools at Northville, where there has been an epidemic of measles, otherwise we are able to report the schools as having been prosperous during the last year.

At the beginning of the school year there were several changes in our corps of teachers, notably in the high school.

At the commencement of the present school year, all the schools in the village below the high were put under the supervision of

George Dickson, who also taught the fifth and sixth grades. This was done for the purpose of bringing these several schools into closer contact with each other, and to enable them to work together in unison, thus trying in a measure to meet a long felt want in our school system. At the close of the fall term Mr. Dickson resigned to take charge of the schools in Tilton, N. H., and Professor Hayward, principal of the high school, has consented to carry on the work of supervision as much as his other duties will permit. Although the benefit from this work may not be immediately apparent, yet we have no doubt that much good will result if the work is continued.

We may expect that in the near future there will be large accessions to our high school from adjoining towns, under the operation of the new law compelling all towns that do not maintain high schools equipped to prepare students to enter college, to pay to towns that do maintain schools of the requisite standard, the tuition for all pupils from their several towns that may choose to attend such high schools and take the course of study as there provided.

The standard of scholarship requisite for admission to our best colleges is steadily advancing, and this of course calls for an advance in the standard of scholarship for our high school, and it now will be a matter for our consideration as to the advisability of having nine grades below the high school, instead of eight, as has been heretofore. This will mean some additional expense, but we feel assured that the good people of Newport will not be willing to allow their schools to suffer in comparison with the schools of other progressive towns.

By an article in the town warrant, and a like article to be inserted in the school warrant, you will be asked to devise the best method of utilizing that historical building formerly occupied by our grammar and high schools, and thus preserve an ancient landmark, the disappearance of which would be a distinctive loss to our village.

The truant officer's annual report contains the following statement in regard to the school children in the district: Number of children between the ages of five and sixteen years, males, 247; females, 240; total, 487. Children under sixteen years of age, working in manufacturing establishments, who cannot read and write in the English language, none. Children between fourteen and sixteen years of age, working in such establishments while school is in session, nineteen. Number working in such establishments contrary to law, sixteen.

Respectfully submitted,

ROTHEUS E. BARTLETT,	} School Board of Newport.
